

## 2020 'PADMA' ESTATE GRENACHE ROSÉ

### REVANA VINEYARD - LOS CHACAYES IG - UCO VALLEY

Our 'Padma' Grenache Rosé is elevating the traditional Provençal style of Rosé to new heights.

Hand-harvested from a single acre of high-elevation (3,600') Grenache planted along the stone-covered, ancient riverbeds of our 17 acre Estate within the famed 'Los Chacayes' IG.

'Padma' is an ode to a small pond on a farm in Southern India where Dr. Madaiah Revana was raised. A place of play and reflection for him and his 10 siblings. The pond was covered in vibrant pink lotus (padma) flowers, the national flower of India.

The intense sunshine, cool nights and river stones of 'Los Chacayes' create a stunning personality of Grenache Rosé that has become the most celebrated bottle of rosé in South America. Captured in 'bespoke' bottles under glass closures to preserve the vibrancy of the delicate 'Padma'.
